Great Hearts Online

On January 4th, Great Hearts launched a new virtual classical academy to serve students in Texas. Great Hearts Online is fully enrolled to the delight and satisfaction of over 500 students and their families. While the pandemic has elevated this opportunity to set up a distinct online academy, our intention is to continue and build Great Hearts Online to serve more students next year and beyond.

This new online option builds and improves upon the great work our teachers have done over the past year with smaller class sizes and using a more versatile online platform. For those considering online schooling next year and the years ahead, you will be impressed with the level of attention and care that *Great Hearts Online* will provide your family.

If your family wishes to participate in K-8 online learning in the upcoming school year, the opportunity and platform to do so will be through Great Hearts Online, as Great Hearts Arlington will not be offering the Distance Learning program this coming year.

Great Hearts Online is enrolling students now, and space is limited. Click below to learn more and apply.
